

From the Light of His Lord Muhammad Was Created

From the light of his Lord, Muhammad took hold
Of mu heart with his love, and Allah is all-capable
Taha, my beloved, the kohl of the eyes, send blessings upon him
Glory be to the one who sent him
From Mecca and called him
To the Masjid al-Aqsa at night, send blessings upon him
When the best of Mankind drew near
To his Lord he heard the greeting
The enwrapped, the covered, send blessings upon him
Our Prophet, the one who guides, the 'Adnan
Treasure of the gnosticism, mighty of rank
The Quran was revealed to him, send him blessings
